What's on at your venue this summer?

Hi ,

Ensuring your website's **What's On** page remains up to date with the latest events and activities, particularly over the busy summer period, plays an important role in your lettings management. It shows your local community your venue is active, bringing more people in and at the same time helping you to maintain a positive relationship with your hirers.

	Clubbercise 19:30 - 20:15 Full Info
	Yoga with Sam - The Thursday Class 19:30 - 20:30 Full Info

UPCOMING DATES & TIMES	
July 2019	
Monday 8th	19:00 - 20:15
Monday 15th	19:00 - 20:15
Monday 22nd	19:00 - 20:15

It's easy to add activities to your website and once added the information displayed will remain fully synchronised to each hirers booking. This means any changes you make to a booking, such as changing the time or deleting specific occurrences, will update automatically making things really easy for you to manage.
